

## **I'll be there in the springtime**

*I'll be there in the springtime  
For I love that part of year,  
I'll be the sunshine on the flowers.  
I'm in the wind you hear.*

*You will find me in the garden  
Among the birds and bees,  
I'll dance upon the gentle wind,  
That blows the garden trees.*

*And one day you will find me,  
As you walk along the shore.  
I'm in the sand beneath your feet,  
I'm the mighty ocean's roar.*

*I'm in the clouds you see above,  
That float in a sky of blue,  
And when you're deep in sleep and dream,  
I will be there too.*

*I'll always be beside you,  
And on your very darkest day,  
I'll comfort you with all my love,  
For I'm just a breath away.*

Richard Cooke
